44033	2" (5.1 cm)	3" (7.6 cm)
44034	2 5/8" (6.7 cm)	4" (10.2 cm)

Sharpening Tools

Multi-Purpose Sharpening Steel

A knife sharpener—and a lot more. Tungsten-carbide bonded to fine, medium and rough sharpening surfaces, hardens this steel enough to dress any knife. Chisel point makes tool useful for hacking, prying, scraping, splitting, cutting sheet metal or other rough jobs that would harm a knife. Leather-sheath handle folds out of the way for use as a sharpener, provides a convenient way to hold tool when used as a chisel or other tool. Leather lanyard holds tool in sheath and secures it to belt or ring.

Cat. No.	Overall Size of Steel
44150	5" x 7/8" x 1/4" (127 x 22 x 6 mm)

Pocket-Sized Knife Sharpener

A rugged, versatile sharpener featuring fine craftsmanship and unique design. Blade unscrews and stores in handle for convenient carrying in tool box, pouch or pocket. Blade is precision-cut, hard chromed steel for accurate, consistent sharpening and long life—magnetized to trap metal particles when sharpening. Handle is high-visibility orange color, with handy pocket clip.

Cat. No.	Blade Length	Length Closed
44151	3 3/4" (9.5 cm)	5 1/2" (14 cm)

Hand tool tips for professionals.

Practical tips for professionals on using hand tools... see the booklet, Proper use and care of Hand Tools, prepared by Klein Tools in conjunction with the Hand Tools Institute. Copies are available from Klein Distributors.

Pocket Knives

These heavy-duty knives all have blades of the finest cutlery steel, tough and carefully tempered to hold their edge. Most of these knives feature strongly-ripped construction with large shackles, steel and brass bodies with special, super-tough plastic handles that won't crack or chip. Handles are textured for better gripping. All screwdriver-tip blades also have a cutting edge; certain blades lock open automatically for more efficient use.

2-Blade Pocket Knives

Standard spearpoint blade 2 1/2" long (6.4 cm) and screwdriver-tip blade 2 1/2" long (6.4 cm). Screwdriver blade locks open. Blades available in standard carbon steel or stainless steel.

Cat. No.	Length Closed
1550-2	3 3/4" (9.5 cm) with carbon-steel blades.
1550-42	Same as No. 1550-2 above, except with stainless-steel blades.

Coping-Type Pocket Knife

Coping-type blade 2 1/4" long (5.7 cm). Compact, lightweight—ideal for skinning small wire and cable. Blade locks open.

Cat. No.	Length Closed
1550-11	3 1/4" (8.3 cm)

2-Blade Pocket Knife

Special insulation-slitting blade 1 1/2" long (3.8 cm) and curved sheepfoot skinning blade 2 3/8" long (6.0 cm). Slitting blade locks open.

Cat. No.	Length Closed
1550-10	3 3/4" (9.5 cm)

Coping-Type Pocket Knives

Coping-type blade 2 1/4" long (5.7 cm). Compact, lightweight—ideal for skinning small wire and cable. Cutting blade available in standard carbon steel or stainless steel.

Cat. No.	Length Closed
