

# WESCO®

# DIGITAL TRANSFORMATION AND IOT

At WESCO, we understand your industry is constantly evolving, and in order to stay relevant and deliver value to your customers, your company needs visibility to more and better data in real-time.

Our Digital Transformation Team helps our customers connect the dots—making data more actionable by securely connecting things, people, data and processes together, ultimately driving better business decisions around their enterprise wide operations.

WESCO can help you achieve these initiatives, ultimately leading to reduced operating expenses and improved efficiencies:

### Sustainability

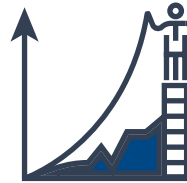

Become Green, Improve Safety and Efficiencies

### Energy Management Programs

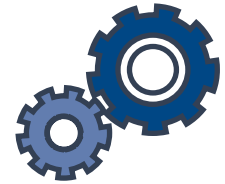

Energy Optimization, Load Shedding, Peak Demand Management, Reduce Energy Costs

### Improve Manufacturing Performance

Improve Flexibility and Lead Times, Better Utilize Time and Assets, Improve Quality (Compliance, Serialization)

### Space Management and Productivity

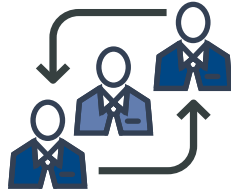

Improve Workspace Usage Analytics, Optimize Space Efficiency and Productivity

### Supply Chain Logistics

Inventory Management, Connected Assets, Logistics Tracking, Safety and Ergonomics Management

### Aging Workforce and Changing Workforce Demographics

Better Training, Reduce Skill Gaps, Legacy Infrastructure

### Security

Increased Enterprise and Physical Security, Controllable Access Privileges

### Workforce Productivity and Increased Property Value

Improve Workforce Experience and Productivity, Boost Comfort and Control

Is your company interested in beginning their Digital Transformation Journey?
